PICC LINE

PERIPHERALLY INSERTED CENTRAL CATHETER INSERTION PACKS

Kimal PICC LINE comes with the MST kit as standard. Kimal PICCs with puncture or over the needle kits are available upon request.

The Kimal PICC MST kit consist of the following:

- CT rated PICC catheter
- G21 x 7cm needle with echogenic tip (green hub)
- 10ml LS syringe
- Mini no.11 scalpel
- 50cm 0.018" Nitinol guidewire with straight flex tip
- Short peel away sheath micro introducer
- Stylet preloaded in PICC catheter with soft flexible atraumatic distal section
- T-connector with removable luer safe connector and tightener to hold stylet in position in the catheter
- Additional luer safe connector in multi-lumen options to be used as end caps
- Unfix lock with cut out foam section for secure fixations and no pistoning of catheter
- Clear dressing
- Paper tape measure
